Rules & Procedures of the event:

- ❖ Participants will participate in team of **TWO.**
- ❖ Event will be organized in **THREE** rounds. (2 Rounds + Finale)
- ❖ In the first round, a circuit will be displayed; contestants from both the teams will reverse bet the time they would require to implement that circuit. If a team feels that opponent team is under betting time, they can challenge opponent team to walk the talk.
- ❖ On being challenged, the team members would have to implement that circuit within betted time; if they succeed, they win else the challenging team wins.
- ❖ Second round will follow same pattern.
- ❖ Third round will be **FINALE**. Winner teams from second round will have to build the displayed circuit. Whoever is fastest wins
